E-SIGS: AS BAD AS E-CIGS?

The Michigan Defense Quarterly

February 28, 2023

While electronic signatures add everyday convenience, they may also present issues regarding authentication, especially in early stages of litigation. In a co-authored article for @MDTC, attorneys @DeborahBrouwer and @AnnaKozak tackle the legal impact surrounding e-sigs and discuss how nuances between electronic and wet signatures are worth paying attention to as the case law continues to develop.
